India Mission Trip Report!

I traveled to Jagdalpur, India October 6-14, 2008 with Pastor Bethel Jacob (Maranatha World Mission) and his wife from Dallas, Texas. Pastor Jacob and I spoke to the pastors and leaders over a period of five days at a leadership conference and a Sunday worship service.

The pastors and leaders traveled from surrounding areas to this conference. We held the conference at a Christian facility which houses an orphanage for about sixty girls and a Bible School for about 30 boys.

We led four days of meetings for the pastors and leaders where we invited God's Presence and spoke into their lives. Three sessions were held everyday. This was a wonderful time of experiencing the Presence and Glory of God. It was necessary to have two translators during the services to accommodate the number of languages.

Some pastors who attended were from the State of Orissa where great persecution has been occurring. We were able to minister to pastors who had been beaten and who had lost homes and churches from the persecution.

I taught on the supernatural and we were able to see a great manifestation of the supernatural as people were healed. Our host reported the pastors were glowing with God's Presence. I continued to see gold dust due to the Glory of God in the services.

We had a great time of celebration on Sunday afternoon for the girls in the orphanage and boys in the Bible School. This was a time of eating, singing and rejoicing. The girls in the orphanage prepared and presented a musical skit which showed their appreciation.

Philippines Mission Trip Report!

Cathy Fernandez and I were blessed to lead a pastor and leadership conference in Kabankalan, Philippine Islands November 19th & 20th. Cathy and I felt led to speak on subjects of the Supernatural and Walking in Freedom in God. We saw people leaping, praising God. People were weeping and shaking as God power touched them. The Holy Spirit led us and directed us and we were amazed to see God's Spirit touching people.
