

The Philippine people are warm, loving people who were such wonderful hosts. We immediately felt like we were at home. We didn't feel as though we were among strangers. This does not always happen when you do mission trips into foreign countries.

Our host, Pastor Sammy Pacleb, is an apostle over many churches including several mountain churches. We held a morning service in one of these the mountain churches where the people were so poor that some didn't even have shoes. God's power was there as Pastor Joseph Egbuonu Ikechukwu from Nigeria preached and prayed for the sick. God moved and touched the people.

We had three evening outreach services, one in Kabankalan and two in Dumaguete for people who were homeless or unchurched. Temporary meeting areas were set up.

The first night I preached on healing and many people were healed and saved. We saw both young and old healed and saved. These were people in the eighties and children as young as six years old.

Pastor Joseph preached in the second outreach service the following night and about thirty young people were saved. I then prayed for the healing of the sick and we saw God's power touch the people.

On the last day November 23rd, I preached at the Sunday morning service for a church in Dumaguete. The church consisted predominately of young people who were twenty-five and younger.

It was amazing to see how God was able to reach them as I preached on reaching out for your healing. The sermon seemed to have a large impact on the church.

Our last service was another outreach to unchurched people where Cathy ministered to the children and Pastor Joseph preached in great anointing and many were saved and healed. This outreach was held in an area in the community where people had been displaced from another part of the country. Our pictures reveal the presence of angels in our meetings. Our host, Pastor Sammy Pacleb, has invited Cathy and I to come back in April to hold crusades and pastor and leader conferences. He said the pastors were very touched by our meetings! Praise the Lord!

Nigeria Mission Trip in January, 2009!

I led a mission team into Nigeria January 1 - 12, 2009. Cathy Fernandez and I spoke at the MPN Global PrayerQuake Conference in Port Harcourt, Nigeria January 4 - 9, 2009. I spoke in three sessions and Cathy in two sessions during the conference. Cathy and I both spoke on the prophetic and the supernatural. Cathy and I also ministered on Sunday at an Assembly of God Church for Rev. John Ezekwu. We were blessed to pray and prophesy over the pastor.
